

## Resident and Staff Testimonials

This couldn't be a better, safer, and more enjoyable place to live. One is never lonely if they take part in the life around them.

*- Bev Martin, Woodside resident*

People who work here are respectful, considerate and caring. There is opportunity to be as active as you choose; and great neighbors soon become good friends.

*- Ginny Hutton, Ledges resident*

We love being so close to downtown Wolfeboro with the stores, the post office and the wonderful Wolfeboro library as well as the convenience of being near the big lake in the summer. We also enjoy living in a community that is small enough for us to get to know our great neighbors.

*- Ron & Tommie St. Germain, Back Bay residents*

We own a cottage on the lake and spend four months of the year there. It is delightful to be able to run back and forth as desired. We have never regretted our move. Taylor is a well-managed and caring community and we are happy to be a part of it.

*- Herb & Bobbie Lauterwasser, Ledges residents*

It has been the best experience from day one, to be here where the staff are so friendly and willing to help in any way possible. It is easy to make friends here as there are so many interesting activities to take part in; you can meet someone new every day!

*- Dave Holton and Meg Cartwright, Woodside residents*

We love the excellent variety of day trips planned for every month of the year including music, drama, museums, nature walks, mountaintop experience by tramway, snowmobiling, baseball, etc. and even eating at popular restaurants.

*- Amy & Dick Jones, Back Bay residents*

My children and I have been very happy about my decision to move to Taylor Community. This arrangement provides security for me and peace of mind for my family because I have continuing care; I will be well taken care of in assisted living and/or nursing when the time comes that I can no longer live on my own.

*- Ellen Owen, Ledges resident*

One of my fears in moving here was that Taylor was a warehouse for old people. That's not the case at all; it is a very vibrant community that just happens to be inhabited by seniors.

*- Cook Anderson, Ledges resident*

Ever since becoming a nurse I wanted to work at Taylor Community. I'd heard great things from many people who've worked here; and now that I'm in the position to hire people to work at Taylor, I love the look on their faces when they see how nice it is here and how much we care about our residents.

*- Chari Szepanski, Director of Health Services*

My mom came to Taylor Community as a "respite guest" to try it out, but soon after became a resident. It's been wonderful for her. She's made so many new friends and really enjoys the activities and interaction with her peers. It's a comfort to us both. We have a terrific staff here to help her when she needs it, but she is able to live to her full ability in dignity. The improvement in her quality of life is amazing! One of the best things is having someone near 24/7. She doesn't have to be lonely anymore and I don't have to worry about her.

*- Maureen Ballester, Administrative Assistant*
