

LACONIA CAMPUS

Floor Plans

Taylor's Laconia Campus offers independent living in 129 cottages and 57 apartments.

All accommodations include fully-applianced kitchens, washer/dryers and maintenance-free living. Many residents moving to Taylor choose to customize interior finishes, ensuring their cottage or apartment will feel like home. Enclosed you will find our six standard cottage floor plans and four apartment options. While these are the standard floor plans, we have expanded many of our cottages over time and have some variations on our Laconia campus.
