***"This potential acquisition by Concord Hospital is welcome news and provides a path toward long term financial stability that will allow LRGH to continue to provide critical services for the citizens of the Lakes and Three Rivers region. The State has and will continue to provide any resources that are necessary to enable LRGHealthcare to continue services while it navigates this process."***

***– Governor Sununu***

Dear Taylor Community,

The news that LRGHealthcare filed for Chapter 11 bankruptcy yesterday certainly caused alarm for some in our community. Today, I want to reassure you that this is actually a positive step forward for an organization that has been struggling for quite some time.

First, rest assured that the doors will remain open at our local healthcare facilities. It is our understanding that staffing and patient care will continue uninterrupted while the bankruptcy proceedings are handled in the courts. Second, the prospect of a well-respected and financially stable organization like Concord Hospital stepping in to provide a path forward for our local healthcare system's long-term financial stability is a very good thing. Finally, the State of New Hampshire has stepped in, assuring the community that it will provide any resources necessary to help continue services as LRGHealthcare navigates the bankruptcy process.

We will continue to closely monitor this situation and keep you informed of any developments as we learn them. Until then, please know that yesterday's news, while striking, is a step in the right direction for our local healthcare system. As always, please don't hesitate to contact me if you should have any questions.

Be safe, wear a mask, and please keep washing your hands,

Michael

**TUESDAY FUNNIES**

**Courtesy of Helen Tarmy**

- Me: (Sobbing my heart out, eyes swollen, nose red)...I can't see you anymore. I am not going to let you hurt me like this again!

Trainer: It was a sit-up. You did one sit-up.

- When I was a kid, I wanted to be older. This is not what I expected.
- I don't think the therapist is supposed to say, "Wow" that many times in your first session, but here we are.
- If 2020 was a math word-problem: If you're going down a river at 2 MPH and your canoe loses a wheel, how much pancake mix would you need to re-shingle your roof?
- I see people about my age mountain climbing. I feel good getting my leg through my underwear without losing my balance.
- I don't always go the extra mile, but when I do it's because I missed my exit.

**STAFF PUMPKIN DECORATING/  
CARVING CONTEST**

We recently had 100 pumpkins from Moulton Farms delivered to campus for Taylor staff to decorate or carve. We'd love our residents to have the opportunity to see all of our creative pumpkins and help us with the judging. The pumpkins will be ready for judging near the fire pit behind Woodside for one day only – Sunday, 10/25. Each pumpkin will be numbered and residents are asked to call (603-366-1212) or email ([edavis@taylorcommunity.org](mailto:edavis@taylorcommunity.org)) Eliot with your top three choices. We will tally the votes first thing Monday morning and present awards to staff for the top 3 pumpkins. Thank you in advance for participating in this fun event for our staff!
