

WOW... 2020! An Unforgettable Year of Perseverance and Community!

An Annual Labor of Love

Each year, Taylor Resident Joe Picard adorns our Woodside lobby with a Gingerbread Masterpiece — this year he did not disappoint.

We present to you *La Tour Eiffel*, built to scale and made entirely of construction-grade gingerbread and decorated with Royal Icing. The shrubs in the gardens were created from Rice Krispies Treats dyed green with food coloring.

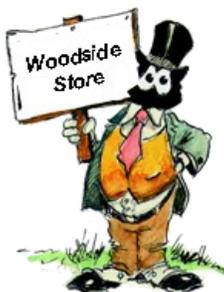

Mixing, cutting, and baking the dough took approximately 8 hours, and Joe's creation contains an impressive 5 pounds of flour, 3 bottles of dark corn syrup, and 1-1/2 pounds of margarine as well as cinnamon, ginger, nutmeg and cloves.

Below are some of Joe's prior years' creations he's shared with us. He sure does have the knack (and patience!).

Woodside Store

Please welcome Paula Bertholdt as the new manager of the Woodside Store. She will be taking over as of January 1st.

As Dave and I leave that position, I would like to thank everyone who supported us over the past three years. I also want to acknowledge Lorraine Doyon and Sally Reeder. Lorraine keeps the store neat and tidy and would buy stamps when necessary. Sally was my backup when I needed her. Thank you ladies for everything you did.

So greet Paula when you see her — she will be great. She has boundless enthusiasm!

Try *What Humans Will Look Like in 100 Years*, by Juan Enriquez. We can evolve bacteria, plants and animals — futurist Juan Enriquez asks: Is it ethical to evolve the human body? In a visionary talk that ranges from medieval prosthetics to present day neuroengineering and genetics, Enriquez sorts out the ethics associated with evolving humans and imagines the ways we'll have to transform our own bodies if we hope to explore and live in places other than Earth.

Winter Walking Tips: Lower Your Risk of Falling

Falls can be serious. Falling can cause bruises, sprains, or more serious injuries like broken bones or concussions.

Melting snow can freeze overnight, forming a thin layer of ice that is hard to see. The ground can then become very slippery in the morning when the ice starts to melt. In months where the ground is frozen, ground frost and ice can make it slippery for walking. No matter how well the snow is removed from parking lots or sidewalks, there will still be slippery places.

What you wear on your feet can help lower your risk of falling. Boots or shoes that fit well and have a good grip are the best choice. Special items like shoe grips or ice cleats can give you extra traction when you're walking on snowy or icy surfaces. You can buy these items from places like department or sporting goods stores. Always take off these grips or cleats when walking inside because they can make you slip on indoor flooring.

How can I avoid slipping and falling on snow or ice?

- Find a path around snow or ice when you can.
- Learn how to Walk Like a Penguin—walk slowly, take small steps, and point your toes out slightly to be more stable on icy paths.
- Keep your head up and don't lean forward.
- Keep your hands out of your pockets to help keep your balance.
- If you use a cane, you can buy an ice pick for the cane.

More tips for winter walking

- Plan ahead to make sure you have enough time to get where you're going.
- Assume that all wet, dark areas on the pavement may be slippery or icy. If you can, walk around them.
- Walk on cleared walkways—avoid shortcuts that haven't been cleared.
- Download a local weather app on your phone so you know what the weather is like before you go outside.
- Don't text or talk on your phone and walk at the same time.
- Use handrails on stairs and ramps. If you're walking on a slope where there are no handrails, be extra careful.
- Spread sand or grit on your steps and walkways. You could also try carrying a small container of sand or grit to sprinkle on icy or sloped surfaces that you can't walk around.
- Try not to carry heavy things that can make you lose your balance, or large things that could block your view. If possible, use a backpack to keep your hands free.

Pontine Theater Presents *A White Heron*

Rockin' Daddios

Monday, January 25 at 6:30pm

The Rockin Daddios started as a trio in central New Hampshire with Bo Guyer, from Sanbornton, Angelo Gentile from Barnstead, along with Jim Rogato of Laconia, a legend of his own with the Rusty Rockstar Roadshow. Jim brought along his guitar and his bass voice and now the harmonies were kicking in. With their extensive background in theater, they became fast friends through various community groups and honed their ideas at cabaret shows, performing at a local resort, along with retirement homes and Farmers Markets. With their love of music and fun, they chose songs of the 50's and 60's era and off they went, singing a Capella and recreating a mood from a simpler time in history. Drew Seneca, of Laconia, the next member to join the Daddios, is an accomplished guitar player, and vocalist. Just the perfect match to incorporate some four-part harmonies. Seating is limited and RSVP is required to Brenda at bkean@taylorcommunity.org or 366-1226.

Thurs., Jan. 21 – Absolute History – Who Was the Real Mary Poppins? – In 1934, Pamela Travers created the 'practically perfect' woman in Mary Poppins who brought order into the chaos of people's homes. The documentary draws on an extensive archive, interviews and clips from the original Mary Poppins movie and 2013's Saving Mr. Banks, which features Emma Thompson as Pamela Travers, to tell the real story of a complex woman with many contradictions. Don't be Scammed by Fake IRS Communications

The IRS receives thousands of reports each year from taxpayers who receive suspicious emails, phone calls, faxes or notices claiming to be from the Internal Revenue Service. Many of these scams fraudulently use the Internal Revenue Service name or logo as a lure to make the communication more authentic and enticing. The goal of these scams — known as phishing — is to trick you into revealing personal and financial information. The scammers can then use that

information — like your Social Security number, bank account or credit card numbers — to commit identity theft or steal your money.

A very good job by our Facilities Team, for clearing it all away! Thanks for the photos, Forrest!
